

Briefs.

—Blaine and Logan club to-night.

—The Lake Monona campers are leaving for Madison.

—Regular meeting of the common council this evening.

—Mr. Joseph Hoffmeister has built a large and substantial tobacco shed in (Rockport) the fourth ward.

—The republican club rooms, at Myers block, on Main street, will be open this evening, when a regular meeting will be held.

—The harvest in Rock county is progressing finely, many farmers having commenced stacking barley, rye and winter wheat.

—A good many Janesville people are taking advantage of the dullness of trade and are seeking pleasure at Wisconsin summer resorts.

—Sheriff Harper went to Waupun this afternoon taking with him James Staff and Henry Hubbert, both sentenced to state prison for two years.

—The quarterly meeting of the Janesville anti-horse thief society will be held on Tuesday evening, August 5th. Members will recollect that the fine for non-attendance at this meeting is only one dollar.

—The delegation of firemen, who went to Milwaukee on Saturday morning, returned home this morning, reaching this city on the Fond du Lac accommodation. The boys report having had a very pleasant time in the Cream City.

—The Chicago and Northwestern railway company, says Agent C. A. Potter, of this city, will sell excursion tickets to the Lake Monona assembly, at Madison, from July 28th until August 8th, good for return until August 11th. Fare for the round trip \$1.65.

—Henry Hubbert plead guilty this forenoon, to an information, charging him with feloniously breaking and entering a store in the village of Evansville, on the 25th of last June, with intent to commit the crime of larceny. He was sentenced to two years hard labor at Waupun.

—The friends of the W. C. T. U., and the Temperance Wide-awakes will please make notice that there will be a vacation of both departments during the month of August. It is expected that the school will reopen the first Saturday in September, of which notice will be given through the press and pulpit.

—Why not secure a series of open air concerts for the stay-at-homes during the "heated term." It would do the people good to turn out a couple of evenings each week to listen to band music. The open-air concerts were very popular last season, and we see no good reason why they should not be repeated this season.

—An over-dose of poor whisky took possession of the better qualities of the man this afternoon, when he undertook to "do up" an ineffectual boy not over half his size, at the west end of Milwaukee street bridge. We omit, this time, mentioning names, but such action might not be permitted, and no doubt will be settled in the municipal court.

—James Staff, the pickpocket, who was sentenced on Saturday, by Judge Patten to two years imprisonment at Waupun, attempts a slight chance of escaping state service. Mr. C. M. Scoullan, his attorney, intends to apply for a writ of *habeas corpus*, making the point that the prisoner was not legally tried, notwithstanding his waiving the right of a jury trial. The court had no right to proceed without a jury.

—The Ancient Order of United Workmen, Olive Branch lodge, will hold their picnic on Wednesday instead of Tuesday, as previously announced, the steamer being engaged for Tuesday. The picnic will be held at Pope Springs. The steamer Enterprise will leave her dock near the railroad bridge at 10 a. m. and return at 3 p. m., stopping at the west side landing and returning at 6 and 8 o'clock p. m. Smith & Ourlins' orchestra will furnish music for dancing.

—We learn of a very serious accident which happened at Milton on Saturday evening. A man is the employ of Mr. C. Plumb, the nursery man at Milton, as approaching the railroad crossing near that village, with a horse attached to a light buggy or wagon. When near the crossing an excursion train from the west came along, and he waited for it to pass, and then, not expecting any further, he drove upon the crossing just in time to be struck by the locomotive of the Janesville passenger train. It appears that the pilot of the engine struck the wagon about in the centre, making a very fine work of the vehicle, and stripping the harness from the horse, which was for the most part unharmed. The man was injured, when the train was stopped, getting right side up on the pilot and some three hundred yards from the crossing; and when asked by the conductor why he was stealing a ride, replied in a bewildered manner, that he did not know where he was, and that he wanted to get off. The only damage by the smash-up was the wrecked vehicle and harness, unless it turns out that the man whose name our informant did not learn received injuries which were not apparent at the time.

THE FIRST REGIMENT.

Arrangements for This Annual Encampment at Milwaukee.

The following particulars relating to the annual encampment of the First regiment, is taken from the Milwaukee Journal, of Saturday, and will be of interest to our militiamen: "Things are gradually assuming shape in regard to the military gathering which will begin August 24th and end August 30th, in this city. Cold Spring Driving park is the place designated for the meeting, where tents will be set up and a camp be organized. Comparing the coming event with the reunion of veterans in 1880, an officer said to-day that this would be a national encampment as well as a veterans reunion, and that there would be more martial enthusiasm over the event than over the other, although possibly there might not be as many strangers in the city as at that time. Capt. King has taken entire charge of the military arrangements, and has returned from a trip through the northwest with the promise of several crack companies to attend. Among those who are to be here are the First regiment, Wisconsin National Guard, commanded by Col. Britton; Fourth Battalion, Wisconsin National Guard, commanded by Col. Mower; battery light artillery, commanded by Capt. George E. Chase; a battery of Gatling guns from the Madison University, signal corps of the Lake City Guards, a division of infantry, artillery and cavalry companies from Chicago, Indianapolis and Detroit, will be under the command of Gen. Chapman, adjutant-general of the state guard, and a large number of poets, A. K. from different parts of the state. The programme will consist of prize marches, drills and other trials of military tactics, which will be conducted by regular army officers. A contract to bill and foraging departments will be a feature of the encampment to which much attention will be paid. The light horse squadron had the best commissary department of any company at the Dubuque encampment, and their experience there will be of value to them here. Governor Task and his staff will be in attendance, and Thursday, August 28, will be named Governor's day in his honor. In the evening there will be a grand war concert, invitations have been issued to President Arthur, Secretary Lincoln, Gen. Sheridan, Gen. Sherman, Gen. Logan, Gen. Fairchild, Col. Bragg, Col. Vilas and a large number of officers in the regular army. It is expected that 100,000 people will attend the reunion. Trains will be run from the union depot every 15 minutes."

A Case of Pneumonia.

Mr. D. H. Barnaby, of Oregon, N. Y., told his daughter he was taken with a violent cold which terminated with pneumonia, and all the best physicians gave up to ease up and said she could live but a few hours at most. She was in this condition when Dr. Williams' Pink Pills for Pale People recommended DR. WILLIAMS' BALSM FOR THE LUNGS, and advised her to try it. She accepted it as a last resort, and was surprised to find that it produced a marked change in the matter, and by persevering a permanent cure was effected.

Closing out sale of hair goods, trunks, children's jewelry and jet goods at Mrs. Dickel's.

A Public Meeting.

At the Milwaukee and St. Paul railroad company are about to erect a new eight depot between High and Academy streets in the first ward, which will be erected perpendiculate the use of several of our principal streets as a catch yard, to the great inconvenience to real property in said ward, and increased risk to life and property. And at some action may be taken in the premises, a meeting will be held at the common council rooms, Thursday evening, July 31st, at 7:30 o'clock. All interested are requested to attend.

MAXY CITIZENS.

July 28, 1894.

Cheerful Conversation.

One of the pleasantest amenities of life is a cheerful talker who "sows of laughter" drop from lips which disclose a well toothed gown to rack and ruin, makes less impression than he or she otherwise would. Bear this in mind, conversationalists, and lead added force to your utterances by keeping your teeth and pure with ZODONANT, the pleasantest and most thorough of tooth preparations, which removes tartar, restores the gums healthy and purifies the mouth.

The Weather.

At seven o'clock yesterday morning the thermometer registered 65 degrees above zero. Partly cloudy with southwest wind one o'clock p. m. the register was 89 degrees above zero. Partly cloudy with west wind. For the corresponding hours one year ago the register was 65 and 89 degrees above zero. At 6 o'clock this morning the register was 67 degrees above zero. Partly cloudy thence west. At one o'clock p. m. register was 91 degrees above zero. Partly cloudy with northeast wind. For corresponding hours one year ago the register was 59 and 71 degrees above zero.

Of the testimony of thousands of the householders in our land is to be observed, there are not any flavoring extracts in the market worth half so much as Dr. Price's Special Flavorings. They have no recommendations from our health and no recommendations from Dr. Dr. Price's Vanilla, Lemon, or Neroli Flavors once be used, and they always be used.

The School Commissioners.

The board of school commissioners held an adjourned meeting on Saturday evening for the purpose of considering bids for furnishing the schools with coal. All the members of the board were present.

The reading of the journal of the previous meeting was dispensed with.

Several bids or propositions to furnish the school department with coal were made by the clerk. The commissioners among all the bids too high, they were rejected.

The board closed the ensuing school year at thirty-eight weeks, commencing Monday, September 8th. The full term will be fifteen weeks to be followed by a vacation of three weeks; the winter term to be fifteen weeks, followed by a vacation of two weeks, and the spring term of eight weeks.

Miss Maggie Finch, of Whitewater, has been appointed third assistant teacher in the high school, at a salary of forty-five dollars per month.

Commissioners Ringer, Bowles and Madden were appointed a committee to enter into a contract with some contractor to furnish the school department with coal for the ensuing year.

The janitors of the school buildings are all disappointed, and their monthly salaries fixed as follows:

E. B. R. Mill, high school, \$50; John Cummings, First ward, \$30; George Cummings, Second ward, \$22; Patrick Riley, Third ward, \$23; John Baker, Fifth ward, \$20.

The board adjourned.

Opening the Fountains.

In numerous bulbs beneath the skin of the face the liquid substance which gives to the hair its texture, color and gloss. When this secretion stops, the hair becomes at once to become dry, lustreless, brittle and gray. Is that the condition of your hair? If so, apply Parfumer's Hair Balsam at once. It will restore the oil, gloss and life by renewing the work of nature. This Balsam is not an odoriferous dye, but an elegant toilet article highly appreciated because of its beneficial results.

New Music.

"Thou art the noblest of them all."
So lovely, pure, from guile so free,
"Thou'rt no star from heaven shouldst fall,"
It could itself not lovelier be.
These are words from one of those songs, with German as well as English words, that give you the choice of languages, with good music. It is one of the good pieces of music sent us by the well known publishers, Oliver Ditson & Boston. The vocal pieces are:
"Thou art the noblest of them all," (96 cents.)
"The Rose Tree," (35 cents.) Sung by Deana, Sophia Serenade, (30 cents.) Song by Gay. Suffer Little Children to come unto me, (30 cents.) Sung by Deana. I have a Garden, (30 cents.) Sung by Deana. Leading Song, and Speak to Me (35 cents.) Sung by Deana. Hush Sleep ye Slaves, (30 cents.) Sung by Deana. Rocking Song (30 cents.) sung by Deana. Beggar Student, (35 cents.) Piano piece by Gustav. (30 cents.) Piano piece by Low. The Youngman, (35 cents.) Cantata for male voices.

Fly Fever.

From Col. J. Meidhof, of New York: I am suffered severely for the last ten years from Fly Fever in early and mid-summer and in the fall. I desire in the name of my fellow-men to give the greatest favor of my Groom Balm. My short notice of it demonstrated its efficacy. J. Meidhof, of Broadway.

I am afflicted with "Fly Fever." I have had persons suffering from Horse and Fly Fever. I have been a great sufferer from these complaints and have tried many remedies. I have recommended to many of my friends for Calumet, and in all cases they have been cured. To Mr. C. K. Kiser, Dry Goods Merchant, Utica, N. Y.

Cobb vs. Ex-Mayor S. C. Cobb.

The people of Jacksonville were greatly surprised and feelings of the deepest indignation were expressed yesterday, when it became known that Ex-Mayor Cobb was dangerously sick with cholera morbus. Mr. Cobb was taken on Thursday, in Munciepolis, while attending the national encampment of the Grand Army of the Republic. He had nearly recovered, and started for home Saturday noon. It appears that his homeward journey did not improve his weak condition, and reaching home he was quite weak between ten and two o'clock yesterday was night unto death's door. Later notification improved somewhat, and he rested quite well last night, and his physician pronounced him considerably better this morning, with strong hopes the danger was passed and that he would recover.

Origin of Ammonia.

Ammonia is obtained in large quantities by the putrefaction of the urine of the *Aspidogaster Brevis*, a small aquatic insect, which can be found in every housekeeper's can containing water. These creatures contain this disgusting drug during the whole of their lives, and upon turning up down on a hot stove until they die, remove the cover and smell. The Green Drying Powder does contain ammonia. As a Liver, Kidney and Bladder Remedy, it is called Paine's Compound. It is prepared by a Physician and Chemist with special regard to purity and healthfulness.

It is to certify that I have examined the above-named Compound, and find it to be a genuine Flavouring Extracts of Vanilla, Orange, Lemon, Celery, etc., and find the strength, fine, made of good material, therefore gladly commend them for use.
